clicking on the option "update now" under the IPS tab. Which device requires internet access for the update to work?

- A. Security Gateway
- B. SmartEvent
- C. Device where SmartConsole is installed
- D. SMS

Answer: D

Explanation:

Updating IPS Manually You can immediately update IPS with real-time information on attacks and all the latest protections from the IPS website. You can only manually update IPS if a proxy is defined in Internet Explorer settings. To obtain updates of all the latest protections from the IPS website:

The LAN Settings window opens.

These settings for the Internet Explorer proxy server are configured.

If you chose to automatically mark new protections for Follow Up, you have the option to open the Follow Up page directly to see the new protections.
