#### **NEW QUESTION: 1**

This question consists of two statements: One is named Assertion and the other is named Reason. Both of these statements may be true; both may be false; or one may be true, while the other may be false.

To answer this question, you must first evaluate whether each statement is true on its own. If both statements are true, then you must evaluate whether the Reason (the second statement) correctly explains the Assertion (the first statement). You

will then select the answer from the list of answer choices that matches your evaluation of the two statements.

**Assertion:**

You must implement Azure site recovery between the New Delhi and Seattle offices to meet the backup requirements.

**Reason:**

Azure site recovery allows replication and failover of virtual machines on host servers that are located in the Virtual Machine Manager cloud.

Evaluate the Assertion and Reason statements and choose the correct answer option.

- A.** Both the Assertion and the Reason are false.
- B.** The Assertion is true, but the Reason is false.
- C.** Both the Assertion and Reason are true, and the Reason is the correct explanation for the Assertion.
- D.** The Assertion is false, but the Reason is true.
- E.** Both the Assertion and Reason are true, but the Reason is not the correct explanation for the Assertion.
