NEW QUESTION: 1

You are implementing consolidations for your company. You want to use the consolidation conversion principles to convert

- B. member of the Domain Admins group
- C. allowed to attach the server to the RODC computer account
- D. organization admin

Answer: A,C

Explanation:

<http://technet.microsoft.com/en-us/library/jj574152.aspx>

The Delegation of RODC Installation and Administration dialog enables you to configure a user or group containing users who are allowed to attach the server to the RODC computer account. The user or group specified in this dialog gains local administrative permissions to the RODC. The specified user or members of the specified group can perform operations on the RODC with privileges equivalent to the computer's Administrators group. They are not members of the Domain Admins or domain built-in Administrators groups.

Durante la primera fase, el asistente registra todos los datos acerca del RODC que se almacenaran en la base de datos de Active Directory, como su nombre de cuenta de controlador de dominio y el sitio en el que se ubicara. Esta fase debe realizarla un miembro del grupo Administradores del dominio. El administrador que crea la cuenta de RODC tambien puede especificar en ese momento que usuarios o grupos pueden completar la siguiente fase de la instalacion.

...En la pagina Delegacion de instalacion y administracion de RODC, escriba el nombre del usuario o grupo que asociara el servidor a la cuenta de RODC que va a crear. Solo puede escribir el nombre de una entidad de seguridad. Para buscar en el directorio un usuario o grupo especifico, haga clic en Establecer. En Seleccione usuarios, equipos o grupos, escriba el nombre del usuario o del grupo. Se recomienda delegar la instalacion y administracion del RODC en un grupo. Este usuario o grupo tendra tambien derechos administrativos en el RODC despues de la instalacion. Si no se especifica un usuario o un grupo, unicamente podra asociar el servidor a la cuenta un miembro del grupo Adminis. del dominio o Administradores de empresas. Cuando termine, haga clic en Siguiente....

La siguiente fase de la instalacion la puede realizar en la sucursal cualquier usuario o grupo en quien se haya delegado el derecho de completar la instalacion cuando se creo la cuenta. Esta fase no requiere la pertenencia a grupos integrados, como el grupo Administradores del dominio. Si el usuario que crea la cuenta de RODC no especifica ningun delegado para completar la instalacion (y administrar el RODC), unicamente un miembro de los grupos Administradores del dominio o Administradores de organizacion podra completarla.
